

February 22, 2022

Dear Friend,

With great joy we announce the founding of St. Peter Catholic—A Career and Technical High School serving young people in the Archdiocese of Galveston-Houston. This new high school will educate its students in the Catholic intellectual tradition while preparing them for jobs that are in high demand in today's technology-driven economy.

St. Peter Catholic High School will mirror the workplace and post-secondary education environments, equipping students to enter the workforce through opportunities to earn professional certifications. Students will have hands-on experience with industry-standard software and technology to be professionally competent in their chosen career paths, and to gain skills in communication, time management, problem-solving and working in teams.

Our goal is to provide an affordable Catholic education for students who want to develop the skills they need to become working professionals after high school graduation. This school's particular focus on job-readiness will go together with its commitment to forming virtuous young people who will bear witness to Jesus Christ in the world.

We respectfully request your support for St. Peter Catholic High School, which will be located on the site of a former Catholic grade school. Your generous gift will assist with the extensive renovations needed to transform a shuttered parochial school into a state-of-the-art facility on a 10-acre campus conveniently located in the heart of Houston near the Texas Medical Center, Texas Southern University, and the University of Houston.

Your generous contribution to this project will have a positive effect on countless young people and their families for generations to come. Thank you for considering our request. May the Lord bless you with his peace, now and always.

Sincerely yours in Christ,

*+Daniel Cardinal DiNardo*
